

Name : Hanumanth V. Mulimani
Designation : Assistant Professor
Educational Qualifications : B.E, M.Tech (Thermal), (Ph.D)
E-Mail : hvmulimani@gmail.com
Areas of Interest/Research : Thermal, pyrolysis and alternate fuels
Experience : 12 years
Details of Publications :

International Journals:

- 1) *Published an paper on “Experimental Investigation of Performance & Emission Characteristics of Diesel & Transesterified Cotton Seed Oil Blends in CI Engine” in International journal of Emerging Technologies & Applications in engineering Technology & sciences [IJ-ETA-ETS].*
- 2) *Published an paper on “Extraction of Biodiesel from Cotton Seed Oil by Transesterification Process” in International journal of biochemistry and biotechnology.*
- 3) *Published an paper on “Extraction of biodiesel from vegetable oils and their comparisions” in International Journal of Advanced Scientific and Technical Research [IJAST].*

Conferences:

- 1) *Presented a paper on “Extraction of Biodiesel from Vegetable Oils and their Cost Analysis” held at Guru Nanak Dev Engineering College, Bidar.*
- 2) *Presented a paper on “Experimental Investigation of performace & Emission Characteristics of Diesel & Transesterified Cotton Seed Oil Blends in CI Engine” held in P.D.A College of Engineering.*
