PROJECTS

A STUDY ON THE DERIVATIVES MARKET IN INDIA”

The flow of information between financial markets is an issue that has attracted considerable attention in the empirical finance literature. In order to examine interrelation among different types of financial markets i.e. Capital Market, derivative market, Money Market, Focused mainly on derivatives market.

A GAZE TOWARDS INTERNET AND MOBILE BANKING

Mobile banking is the act of making financial transactions on mobile. The ability to bank anywhere and anytime. Security concerns and a limited range of capabilities when compared to banking in person and on a computer.

Skills

Time management, Communication, Presentation, Conflict resolution, Problem solving

Hobbies

- ✓ Pencil art
- ✓ watching shark tank
